Re: Letter of Endorsement - Dr Lori Foster

It is an honour for me to endorse Dr Lori Foster's nomination for the IAAP President Elect.

Lori has many years of international experience in teaching, research, consultancy, and governance. Throughout her career, she has made a major contribution to the development of psychology as a discipline and profession.

Amongst many of her current roles, the one of Behavioural Sciences Advisor to UNICEF stands out as she is working on shaping the behavioral response to COVID-19. Nothing can be more topical and urgent than this in such challenging and uncertain times.

I strongly believe that the IAAP needs a leader such as Lori to overcome many of our future challenges.

Sincerely,
Kristina Potočnik
